

GENESIS

THE WORLD'S MOST ADVANCED COUNTERTOP WATER DISTILLER

GENESIS
ADVANCED WATER DISTILLER AND PURIFIER

A True Breakthrough in Water Purification Technology:

ELIMINATES WATER CONTAMINANTS

Flash vaporizes tap water, killing and removing over 99% of most contaminants.

GREAT TASTING WATER

Patented distillation technology combined with advanced carbon post-filtration ensures consistently high-quality, fresh tasting, purified water virtually free of all contaminants.

PORTABLE AND EASY TO USE

Just plug it in. No plumbing wiring or installation required.

RESET ON

O I

GENESIS™

THE WORLD'S MOST ADVANCED COUNTERTOP WATER DISTILLER

ELIMINATES WATER CONTAMINANTS

Kills bacteria and viruses. Removes over 99% of sediment, dissolved solids, particles, salts and heavy metals such as lead, copper, aluminum, arsenic, iron, nitrates and many others. Combined with the advanced carbon block post-filter, removes chemicals and volatile gases such as chlorine, trihalomethanes, PCB's, herbicides and pesticides.

ASSURANCE OF QUALITY

When you produce your own drinking water you control the water quality. Always be assured of having safe, fresh-tasting, purified drinking water for your family.

CONVENIENCE

No need to carry heavy bottled water home or wait for bottled water deliveries. Have the freedom to make healthful, purified water whenever you want.

EASY TO USE

Fully automatic. Fill with tap water and switch on. Great for drinking and ideal for cooking, coffee or tea, juices, drink mixes, water-sensitive appliances (irons, etc.), pets and many other uses.

GOES ANYWHERE

Truly portable and perfect for homes, apartments, vacation homes, recreational vehicles...anyplace you want to enjoy high-quality drinking water. Just plug it in, no plumbing, wiring or installation required.

RELIABILITY

Stainless steel and food grade thermoplastic components assure you of a high-quality product.

GENESIS MODEL 3000 SPECIFICATIONS:

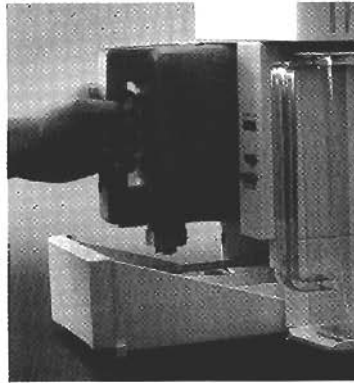

Compact Size: 10"W x 10"D x 13.75"H/25cm W x 25cm D x 35cm H. ■ Lightweight: 9 lb./4.2 kg.

Fast Distilled Water Production: Approximately 3 US qts/3 litres in 5 hours. ■ 6"/15cm high rise steam lift.

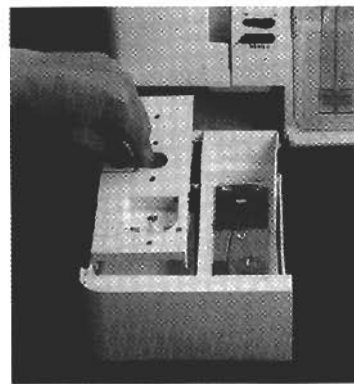

Limited One Year Warranty.

Certified to meet CSA, UL and VDE electrical requirements. 120v 60Hz., 520 watts; 220-240v 50Hz., 520-565 watts.

FOR SALES INFORMATION CONTACT

Easy to use. Just fill the Water Container with tap water and insert. Then turn it on. There's no plumbing, wiring or installation required.

The removable boiling tray is easy to clean and maintain. Innovative, patented thin-film boiling technology turns ordinary tap water into safe, great-tasting drinking water.

Sleek, space saving, high-quality pure water carafe makes it easy and convenient to safely store and serve your pure water.

By combining an advanced carbon block post-filter with steam distillation, you will produce consistently high-quality, fresh tasting, purified water.
